

## **The Repeal Bill**

In September, MPs will vote on The Repeal Bill for the UK to leave the EU and start taking back control of all the powers we have given away to Brussels over the last 40 years.

Theresa May and Jeremy Corbyn have both promised to respect the result of the referendum.

But some MPs are threatening to block The Repeal Bill. They want to keep Britain in the EU's Single Market and Customs Union, which means we have not left the EU, won't take back control of our borders, laws, money and trade and leave control in the hands of EU politicians and their elite friends in the multinational corporations and banks.

It is essential that in September, MPs vote to back the referendum by supporting The Repeal Bill without amendments that keep us in the Single Market and Customs Union.

This is what 17.4 million people voted for in June 2016.

Please contact your MP telling them to vote in favour of The Repeal Bill - **without amendments designed to keep us in by the back door.**

Please contact your family and friends and encourage them to share your support for a successful, clean Brexit and ask them to join our campaign today.

We have all come a long way over the last 20 years. The successful end and a new beginning is in sight.

**But we must not relax our guard.**
